Summary

Overall satisfaction rate: 92% satisfied/very satisfied

Most were looking for:
A general introduction to DMPs and DMPonline along with advice on how to customise it for use within their own institutions.

Most valuable aspects were:
Demos, customisation information, access to slides and materials.

Aspects that could be improved:
Many noted that no improvements were needed; two said that perhaps a slightly longer session would be better; one noted that sessions should keep strictly to time.

General comments:

*Very useful workshop for people working across the whole range of research support roles.*
*[DCC staff were]* friendly, knowledgeable and approachable.
*A really excellent and informative session.*
