

DMPonline at the University of Manchester

Rosie Higman, Research Services Librarian

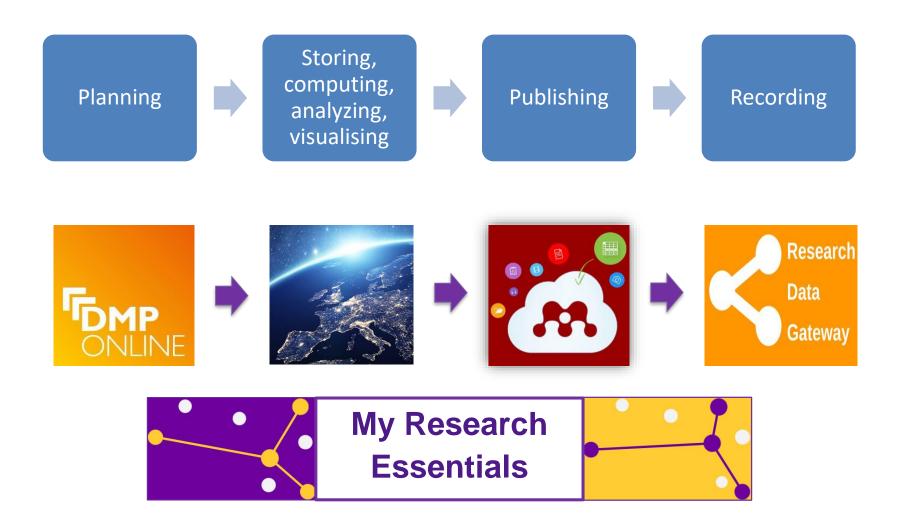

9th April 2019

Data management plans at Manchester

- Mandatory for every research project
- ~60% Compliance with this policy
- Aiming to use as:
 - Educational tool
 - Asset register for GDPR
 - Contact point for starting conversations with researchers

My Template DMPs View Templates	Ps 1. Proposal title:		
Using The DMP Tool Quick Reference Video Help Contact Us	2. Is the project already funded? Pes No 3. Will the project make use of data (please select all that apply)? For guidance, see the RDM Service FAQ entry for "What is research data" and then consider what research outputs would be created. If the output is a report, review, or similar, then this is data that needs to be managed.		
	If you have any further questions, then please contact the RDM Service. Acquire new data Re-use existing data (please list below) Not acquire or re-use data (please provide details)		
	4. Where will the data be stored and backed-up during the project lifetime? For guidance on University of Manchester Research Data Storage see http://www.rds.itservices.manchester.ac.uk. A searchable registry of research data repositories is available at re3data.org. For detailed advice on where to deposit data, see: Whyte, A. (2015). 'Where to keep research data: DCC checklist for evaluating data repositories' v.1 Edinburgh: Digital Curation Centre. Deal

Thank you for completing the Manchester Data Management Outline questions. We recommend researchers use the University of Manchester's Research Data Storage (RDS) v

- · robust, managed, secure, replicated storage,
- up to 8TB of (replicated) storage for each research project, free at the point of use.

To learn more about RDS, see:

- RDS Service introduction: http://www.rds.itservices.manchester.ac.uk/
- RDS request form: http://remedy.manchester.ac.uk/cgi-bin/sr.cgi?scid=142

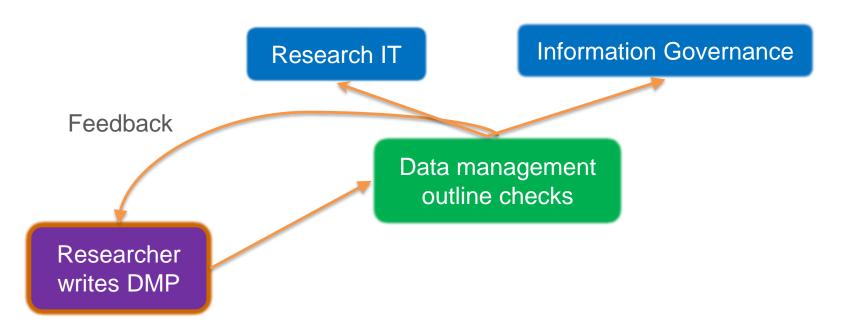

As your project involves the collection of personal information, there may be further considerations that fall under the General Data Protection Regulation. For more information. http://www.staffnet.manchester.ac.uk/gdpr/ or contact information.governance@manchester.ac.uk. We have referred your data management plan to the Information Govern on possible GDPR concerns.

For Information Governance: https://dmponline.dcc.ac.uk/plans/39093

If you are applying for ethics approval then please attach a copy of this email and any conversations you have with information governance about this project to your DMP application form.

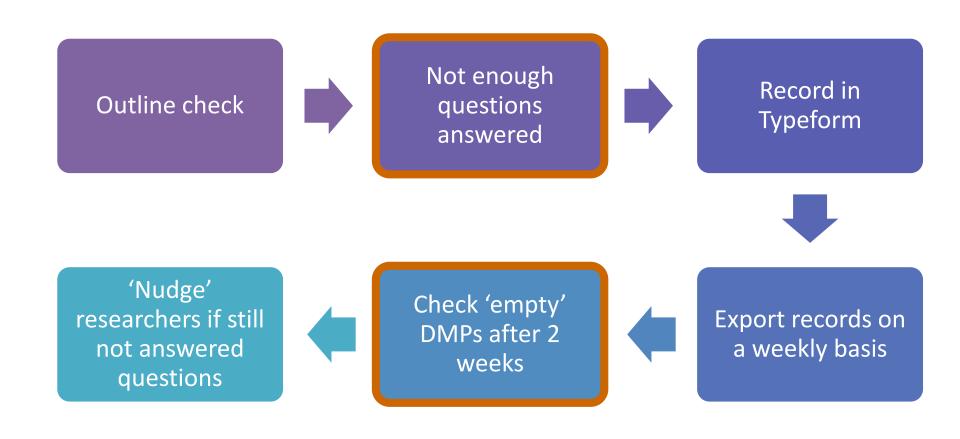

Your DMP number is the five-digit number at the end of the URL of your plan (e.g. https://dmponline.dcc.ac.uk/plans/99999) when you are in the 'Project details' tab.

Initial check

- Research Services Officer
- 5 day SLA

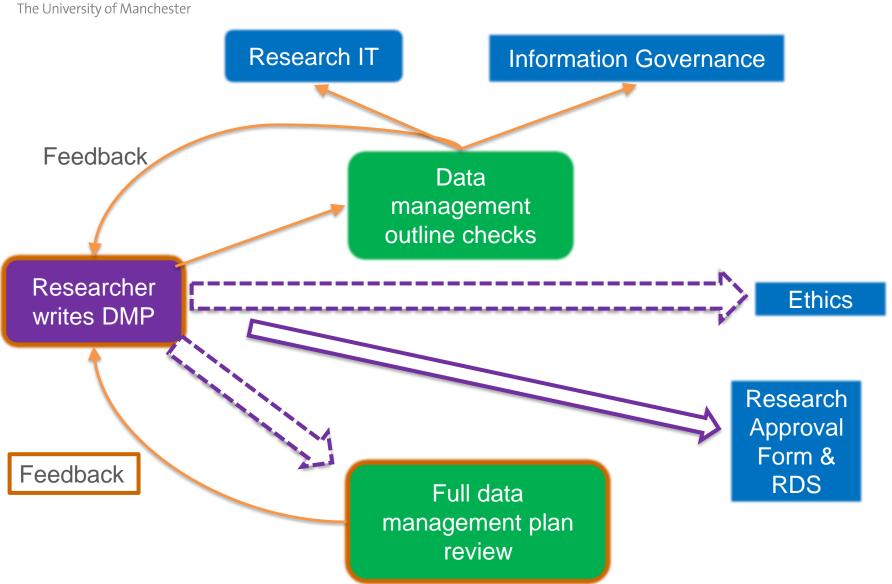

Final Check

- Research Services Librarian
- 5 day SLA

Complete

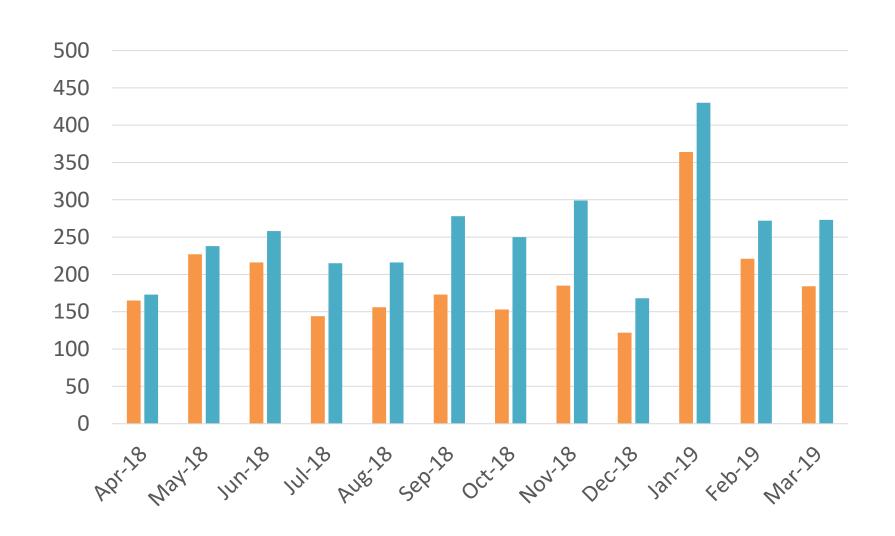

Mark as complete in DMPonline

DMPonline at the University of Manchester

Future work

- Customised homepage
- Rationalising internal questions
 - Would like to add conditional questions to make this easier
- Making process more flexible
 - NIHR and H2020 causing particular issues
- Compliance checking
- Better integration with Pure
