

DMPonline – what's news and what's coming

Sarah Jones

Associate Director, DCC

sarah.jones@glasgow.ac.uk

Twitter: @sjDCC

How does DMPonline work?

Online tool to support researchers to develop DMPs, tailored to their context

Who does DMPonline help?

Researchers

- Meet funder requirements
- Get tailored guidance
- Example answers & plans
- Co-author DMPs
- Download in various formats
- Publish plans

Institutions & funders

- Add templates and guidance
- Offer feedback on DMPs
- Review usage statistics
- See org users and plans
- Harvest info via API
- Brand DMPonline

User manual and tutorials

DMP ONLINE

Setting up DMPonline

This section explains how to access the admin dashboard, add logos and others admin privileges and configure settings to offer feedback on plans.

Creating guidance

This section explains how to create guidance by theme, or to add guidance

Creating templates

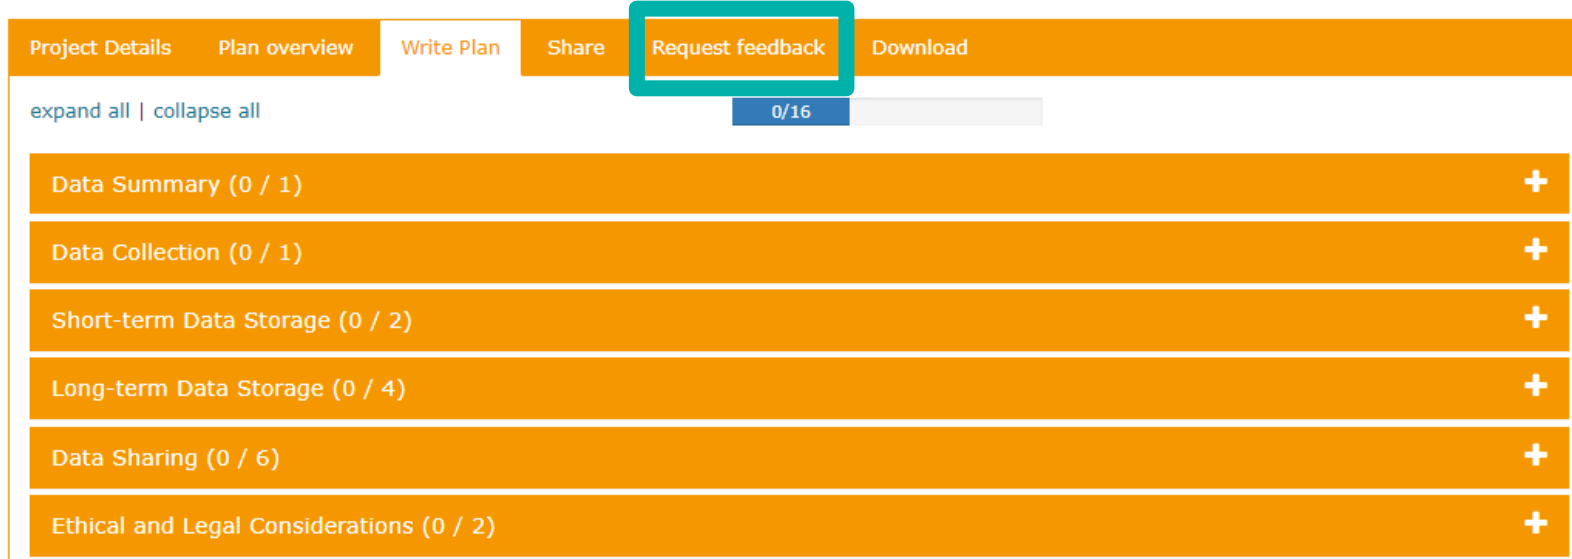

The screenshot displays the DMPonline web application interface. The browser address bar shows the URL <https://dmponline-dev.dcc.ac.uk/plans/30559>. The page header includes the DMPonline logo, navigation links for 'My Dashboard', 'Create plans', 'Reference', and 'Help', and user information for 'Sarah Jones'. The main content area is titled 'RDA Europe 4.0' and features a 'Project Details' tab. The 'Project title' field contains 'RDA Europe 4.0'. Below this, there is a checkbox for 'mock project for testing, practice, or educational purposes'. The 'Funder' field is set to 'European Commission (Horizon 2020)'. The 'Grant number' field is empty. On the right side, there is a 'Select Guidance' section with a list of organizations to choose from, including 'Digital Curation Centre' and 'University of Glasgow'. The bottom of the page shows a Windows taskbar with the date '19/07 11:03 2018'.

New features and fixes

DMP feedback changes

Sarah's Plan

The screenshot shows the 'Sarah's Plan' interface. At the top, there is a navigation bar with the following options: Project Details, Plan overview, Write Plan, Share, Request feedback (highlighted with a red box), and Download. Below the navigation bar, there is a section for 'expand all | collapse all' and a progress indicator showing '0/16'. The main content area consists of several orange bars representing different sections of the plan, each with a plus sign icon on the right side:

- Data Summary (0 / 1)
- Data Collection (0 / 1)
- Short-term Data Storage (0 / 2)
- Long-term Data Storage (0 / 4)
- Data Sharing (0 / 6)
- Ethical and Legal Considerations (0 / 2)

- Made request feedback option more prominent
- Fixed the proliferation of email notifications
- Amended email text to highlight where comments are

One-click plan create

New option accessible from 'Funder requirements' page
Creates a DMP, using your profile (e.g. name, institution)

Funder requirements

Templates for data management plans are based on the specific requirements listed in funder policy documents. The DCC maintains these templates, however, researchers should always consult the funder guidelines directly for authoritative information.

Search

Template Name	Download	Organisation Name	Last Updated	Funder Links	Create a new plan	Sample Plans (if available)
AHRC Data Management Plan	 	Arts and Humanities Research Council (AHRC)	14-08-2019	Data Management Plan guidance Data Management Points	 	Religious studies DMP from Bristol Language studies DMP from Glasgow UK and German International Criminal Co-operation example from Robert Gordon University
BBSRC Template	 	Biotechnology and Biological Sciences Research Council (BBSRC)	16-05-2019	BBSRC policy on DMPs	 	TRDF Grant DMP from Cambridge Drosophila Genetics DMP from Glasgow

Export your own template & guidance

Usage dashboard updates

- Total users and plans
- Users and plans per month
- Plans by template
- Single report of all data
- Configurable csv download

In progress / test

- Click through from graph
- Separating out test plans
- Google Analytics

Various bugfixes

- Table searches not case sensitive and cover all columns
- Copied plans work as normal when feedback is requested
- Org-admins can now view plans shared by users of different organisations
- Fixed totals in plans by template statistics
- PDF download display fixes
-

You can see release details on DMPRoadmap

<https://github.com/DMPRoadmap/roadmap/releases>

And on the DCC blog

<http://www.dcc.ac.uk/blog/dmponline-release-notes-december-2019>

Conditional questions

- Option displays on radio buttons and multiple choice
- Ability to remove / skip questions
- Set triggers e.g. answer X → send email alert

*** Question text**

B I [List] [List] [Link] [Table]

5. Where will the data be stored and backed-up during the project lifetime?

Answer format
Check box

Order	* Text	Default	
1	University of Manch	<input type="checkbox"/>	
2	University of Manch	<input type="checkbox"/>	Remove
3	Dropbox for Busine:	<input type="checkbox"/>	Remove
4	Other storage syste	<input type="checkbox"/>	Remove

Add option

Add Conditions

Option	Action	Remove	
Other storage s	removes	Qn. 6: 6. If you	Remove

Add condition

Display additional comment area.

5. Where will the data be stored and backed-up during the project lifetime?

University of Manchester Research Data Storage Service (Isilon)
 University of Manchester Data SafeHaven
 Dropbox for Business
 Other storage system (please list below)

Additional Information

Save

Answered less than a minute ago by sarah.jones@glasgow.ac.uk

This answer removes 1 questions from your plan.

7. If you have a contractual agreement with a 3rd party data provider will any of the data associated with this project be sourced from, processed or stored outside of the institutions and groups stated on your agreement?

API extensions

- Test plans are now flagged and can be filtered out
- The full text API is filterable by user ids, template ids or plan ids
- New endpoint to download Schools/Departments
- Option to pass back key-value pairs to update existing users with School/Department

<https://github.com/DMPRoadmap/roadmap/wiki/API-Documentation>

Forthcoming features

Machine-actionable integrations

Integration with Research Organisation Registry

Organisation details View all organisations

Profile information | Request feedback | Schools/Departments

* Organisation full name
Abertay University

* Organisation abbreviated name
Abertay

Managed? (allows Org Admins to access the Admin menu)

Finalise / Publish

Rails v.5 upgrade

- Enhances security as moves us to latest version of Rails
- Supports document and image upload
- Allows real-time features to be added e.g. commenting
- Can set delays for batch notifications and stats processing

Usability enhancements (1)

Rework plan creation wizard to make template & guidance selection easier

Set the filters below in order for us to give you options for relevant DMP templates and guidance

Choose your research funder

Choose an institution

Select the most relevant option for you:

Karolinska Institutet standard DMP
Karolinska Institutet postgraduate student DMP
Swedish research Council DMP template
Swedish research Council DMP template PLUS Karolinska Institutet questions
DCC good practice template
Software Data Management plan template
Other.....

Usability enhancements (2)

Changes to plan review dashboard

University of Manchester Plans

Notifications

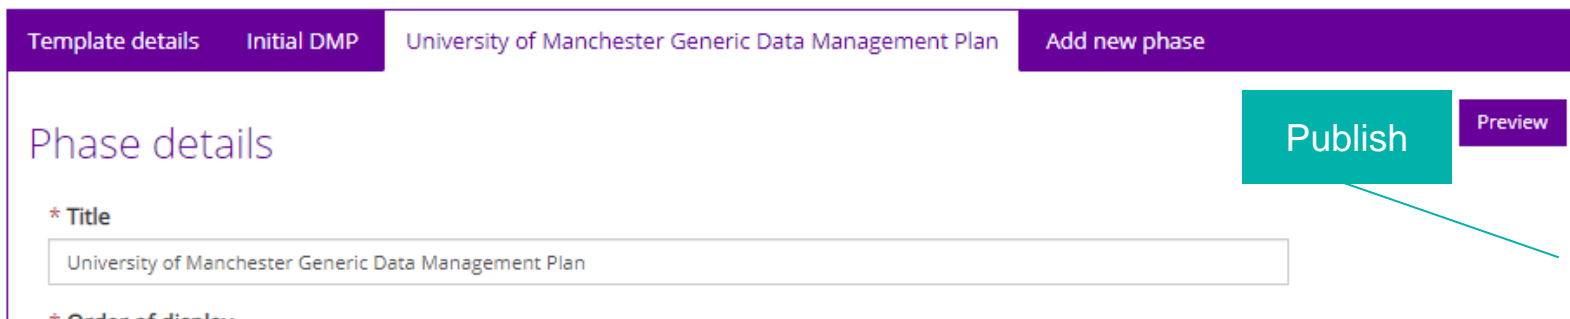

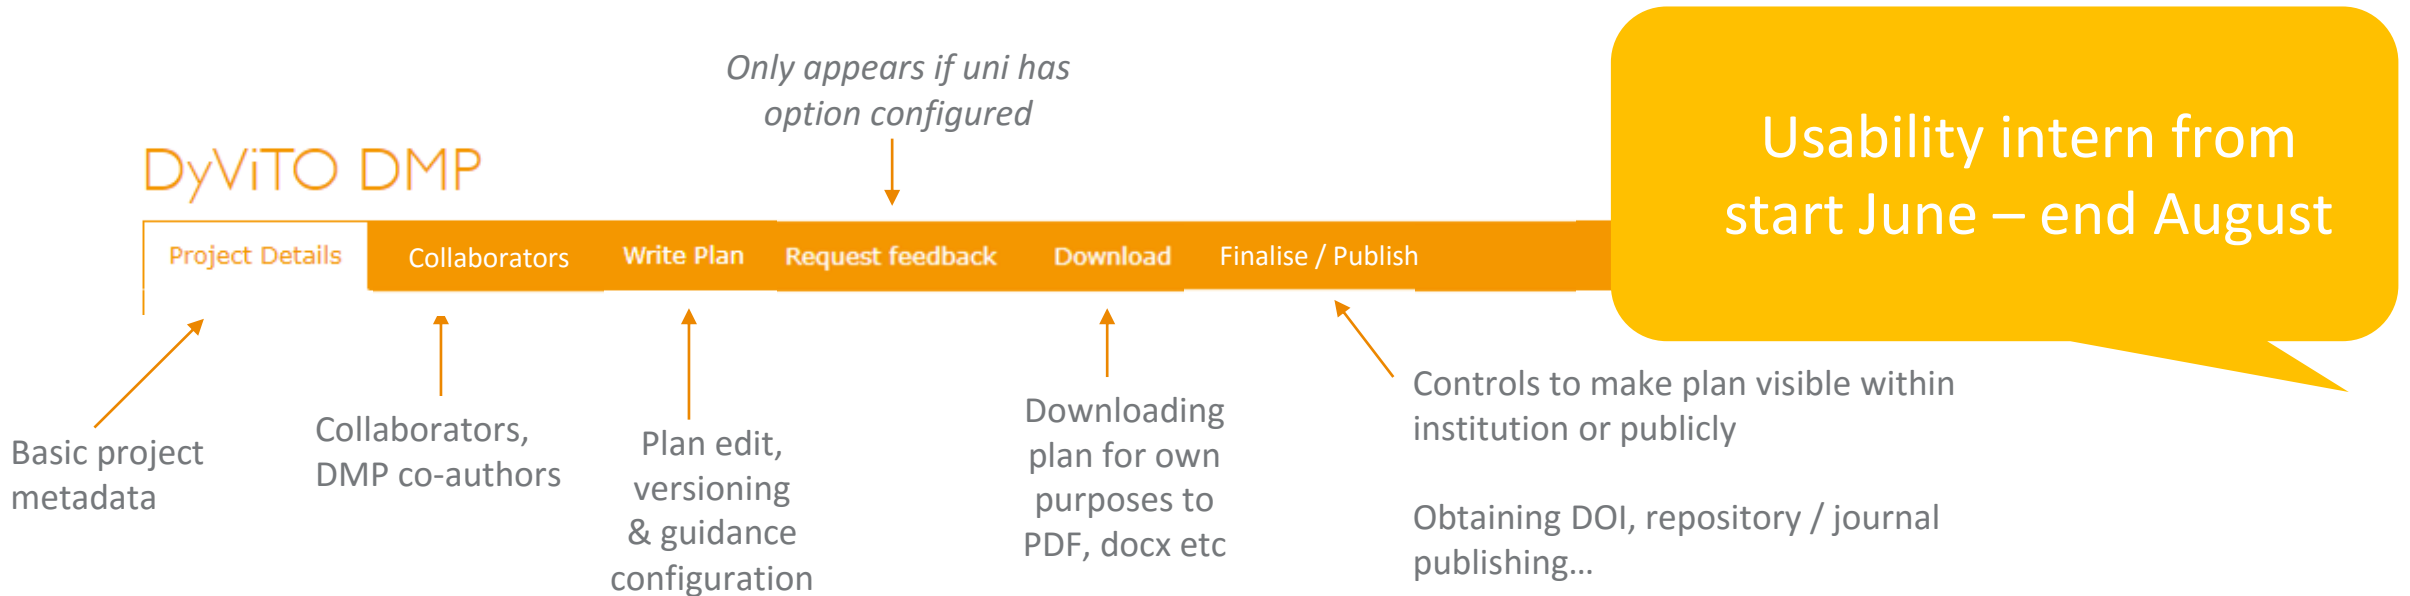

Plan	Requestor	School/Dept	Assigned	Progress	Actions
URL to plan	Name of researcher	Area (if used)	Dropdown list of people with plan review privileges	Controlled values <ul style="list-style-type: none">- Assigned- Accepted- In progress- Near completion	Controlled values <ul style="list-style-type: none">- Reassign- Complete

→ Is proposed content sufficient?

<https://github.com/DMPRoadmap/roadmap/issues/2365>

Usability enhancements (3)

Placement of features in main DMP workflow and admin interface

Make template publish button more obvious on admin interface
