DMPonline new features

- Priority is as set in the Roadmap project: machine-actionable DMPs
- Features to be released shortly on DMPonline:
 - Machine-actionable organisation field linked to Research Organisations Registry (ROR)
 - Research Outputs
 - Machine-actionable grant ID field
- Writing specifications for Roadmap features
 - New plan creation wizard
 - Plan versioning

How does DMPonline add new features?

- Based on customer requests from existing community
- Through developments in common code base
- As part of new contracts, e.g. new subscribers, tenders
- As part of funded collaborative projects
- We always need to ensure that it will work with our community prior deployment!

DMPonline multi-tenancy model

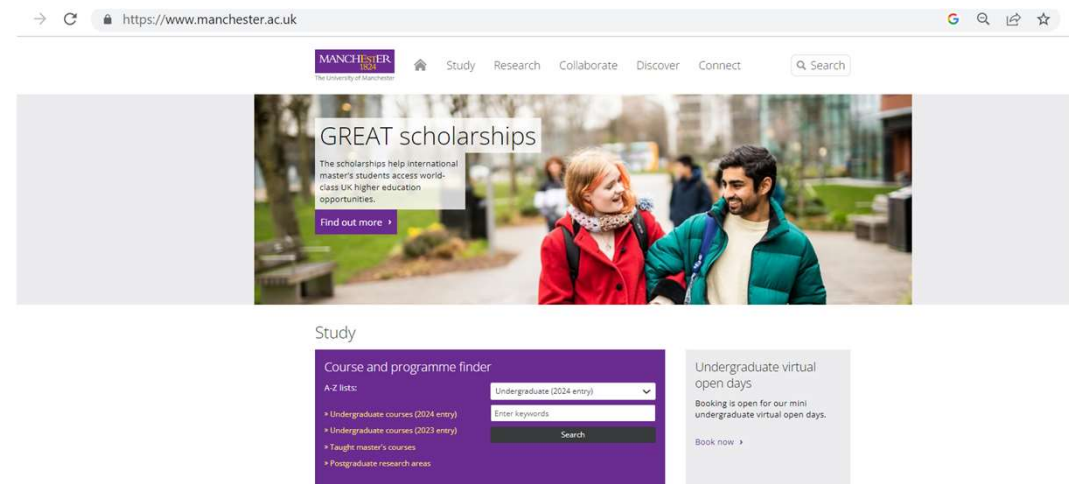

- Aim is to customise look and feel of the tool, to make it appear as an institutional application
- Enhanced customisation
- Individual organisations
- National services

Sample multi-tenancy sites – University of Manchester

The screenshot shows the login page for DMPonline at the University of Manchester. The URL in the browser is https://dmponline.manchester.ac.uk/?perform_check=false. The page features a purple header with the University of Manchester logo and navigation links: Home, Public DMPs, Funder requirements, Help, Language, and Sign in. The main content area includes a welcome message, a sign-in form with fields for Email and Password, a 'Remember email' checkbox, a 'Forgot password?' link, and buttons for 'Sign in' and 'Create account'. A link for 'Sign in with your institutional credentials' is also present.

<https://dmponline.manchester.ac.uk/>

The screenshot shows the homepage of the University of Manchester. The URL in the browser is <https://www.manchester.ac.uk>. The page features a purple header with the University of Manchester logo and navigation links: Study, Research, Collaborate, Discover, Connect, and a search bar. The main content area includes a large banner for 'GREAT scholarships' with a photo of two students, a 'Study' section with a 'Course and programme finder' search box, and an 'Undergraduate virtual open days' section.

<https://dmponline.manchester.ac.uk/>

Sample multi-tenancy sites – Umea University

The screenshot shows the login page for DMPonline at the University of Umeå. The header includes the Umeå University logo and navigation links for Library, Home, Public DMPs, DMP Templates, and Help. There are also links for Language and Sign in. The main content area features a 'Welcome to DMPonline at the University of Umeå' message, followed by a brief description of the service and instructions for new users. A 'Sign in' button is visible, and a 'Create account' button is located in the top right corner of the login form. The form includes fields for Email and Password, a 'Forgot password?' link, and a 'Remember email' checkbox. A 'Sign in' button is at the bottom of the form, and a link to 'Sign in with your institutional credentials' is below it.

<https://dmp.umu.se/>

The screenshot shows the home page of the Umeå University website. The header includes the Umeå University logo and navigation links for 'umu.se', 'För studenter', 'Bibliotek', and 'För medarbetare'. There are also links for 'Logga in' and 'English site'. The main content area features a large image of students working together at a table with laptops. A cookie consent banner is overlaid on the image, with the text: 'Denna webbplats använder kakor (cookies) som lagras i din webbläsare. Vissa kakor är nödvändiga för att sidan ska fungera korrekt och andra är valbara. Du väljer vilka du vill tillåta.' Below the text are two buttons: 'Tillåt bara nödvändiga kakor' and 'Tillåt alla kakor'. The banner also includes a link 'Hantera valbara kakor...' and a 'Sök' button in the top right corner.

<https://www.umu.se/>

Future challenges

- Whose data is it
- How does data input benefit the end user = the researcher
- How to get funders more involved
