

International Digital Curation Conference, Melbourne AUS, 4-7 Feb 2019

Milestones in Addressing Research and Digital Data Challenges in the Biodiversity and Ecological Sciences

William Michener
University of New Mexico, USA

Milestones (1961-1980)

IBP

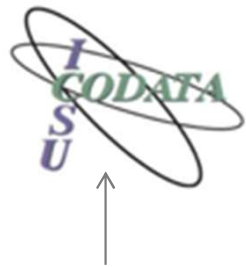

The **International Biological Program (IBP)**:
1964-1974

“... data policies and protocols were never elaborated nor even agreed to in principle.” (Porter & Callahan 1994)

Milestones (1961-1980)

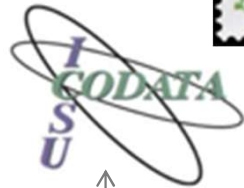

Milestones (1961-1980)

IBP

The International Biological Program (IBP):
1964-1974

“... data policies and protocols were never elaborated nor even agreed to in principle.” (Porter & Callahan 1994)

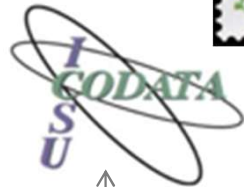

Milestones (1961-1980)

IBP

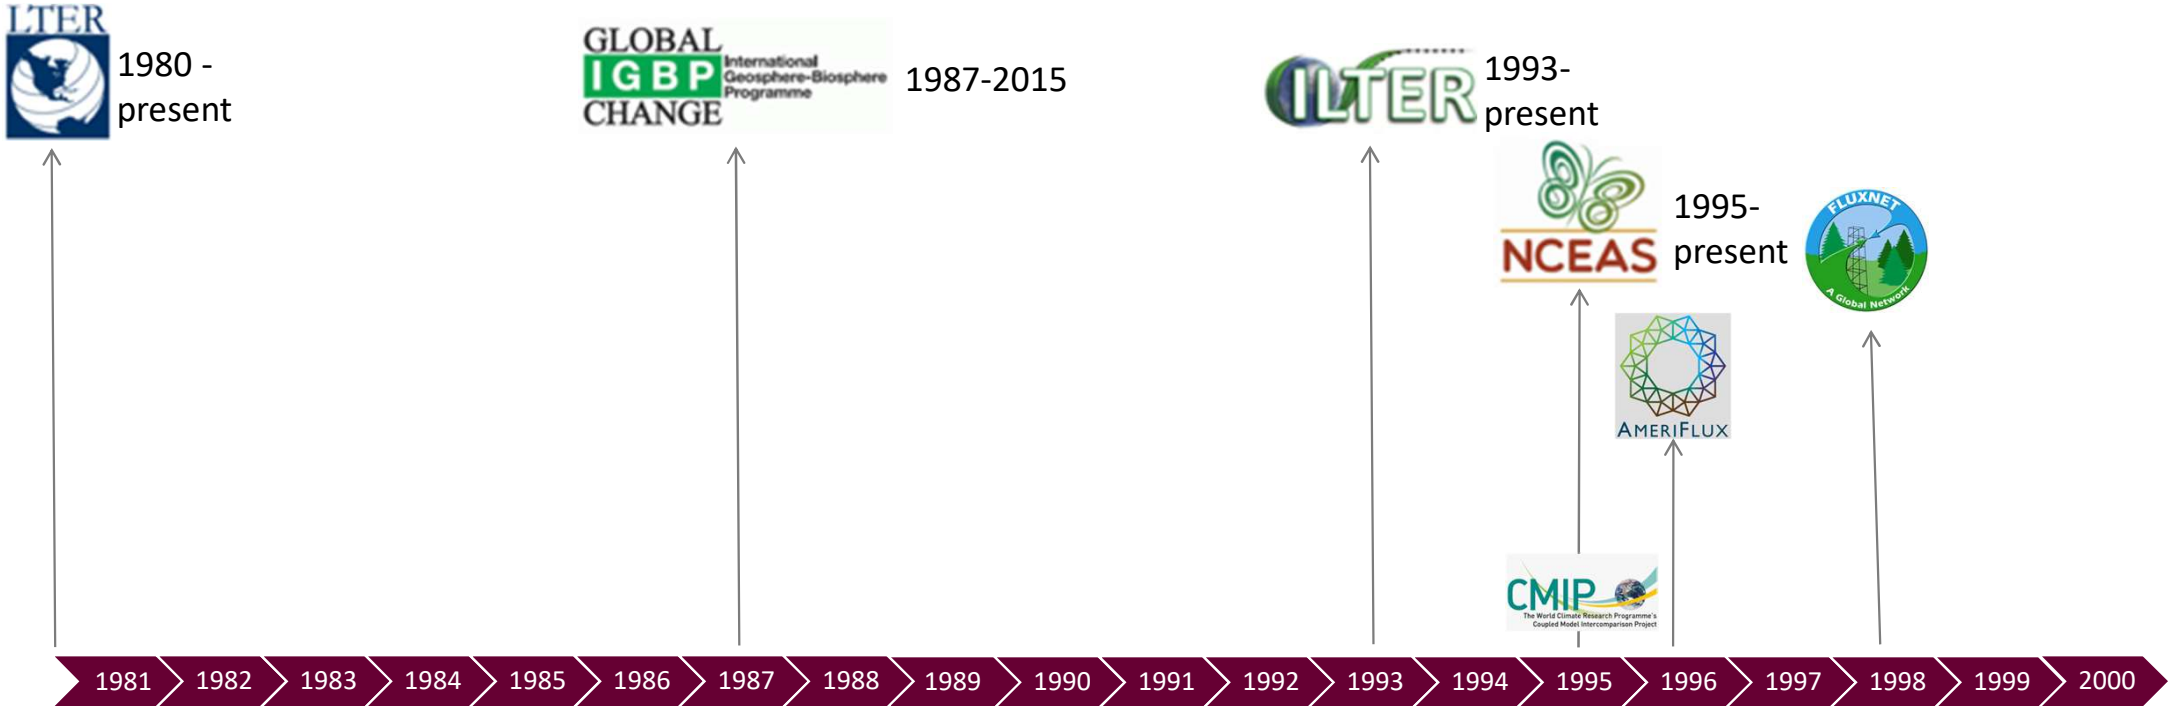

The International Biological Program (IBP):
1964-1974

“... data policies and protocols were never elaborated nor even agreed to in principle.” (Porter & Callahan 1994)

Experimentation with “big science” and building a data science community

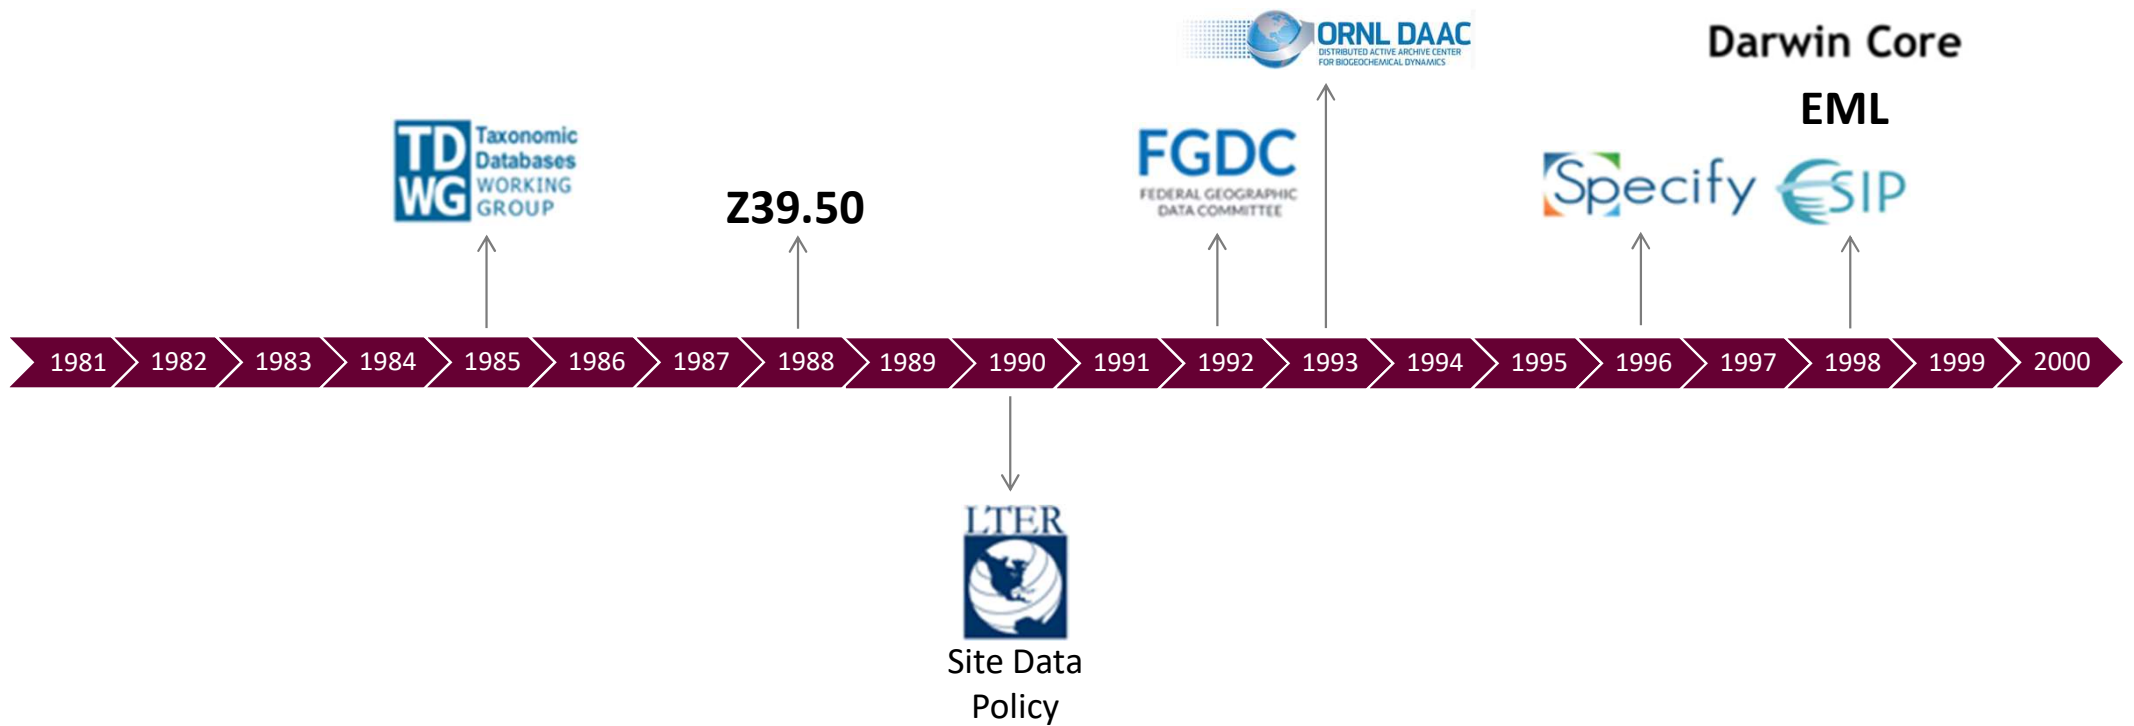

Milestones (1981-2000)

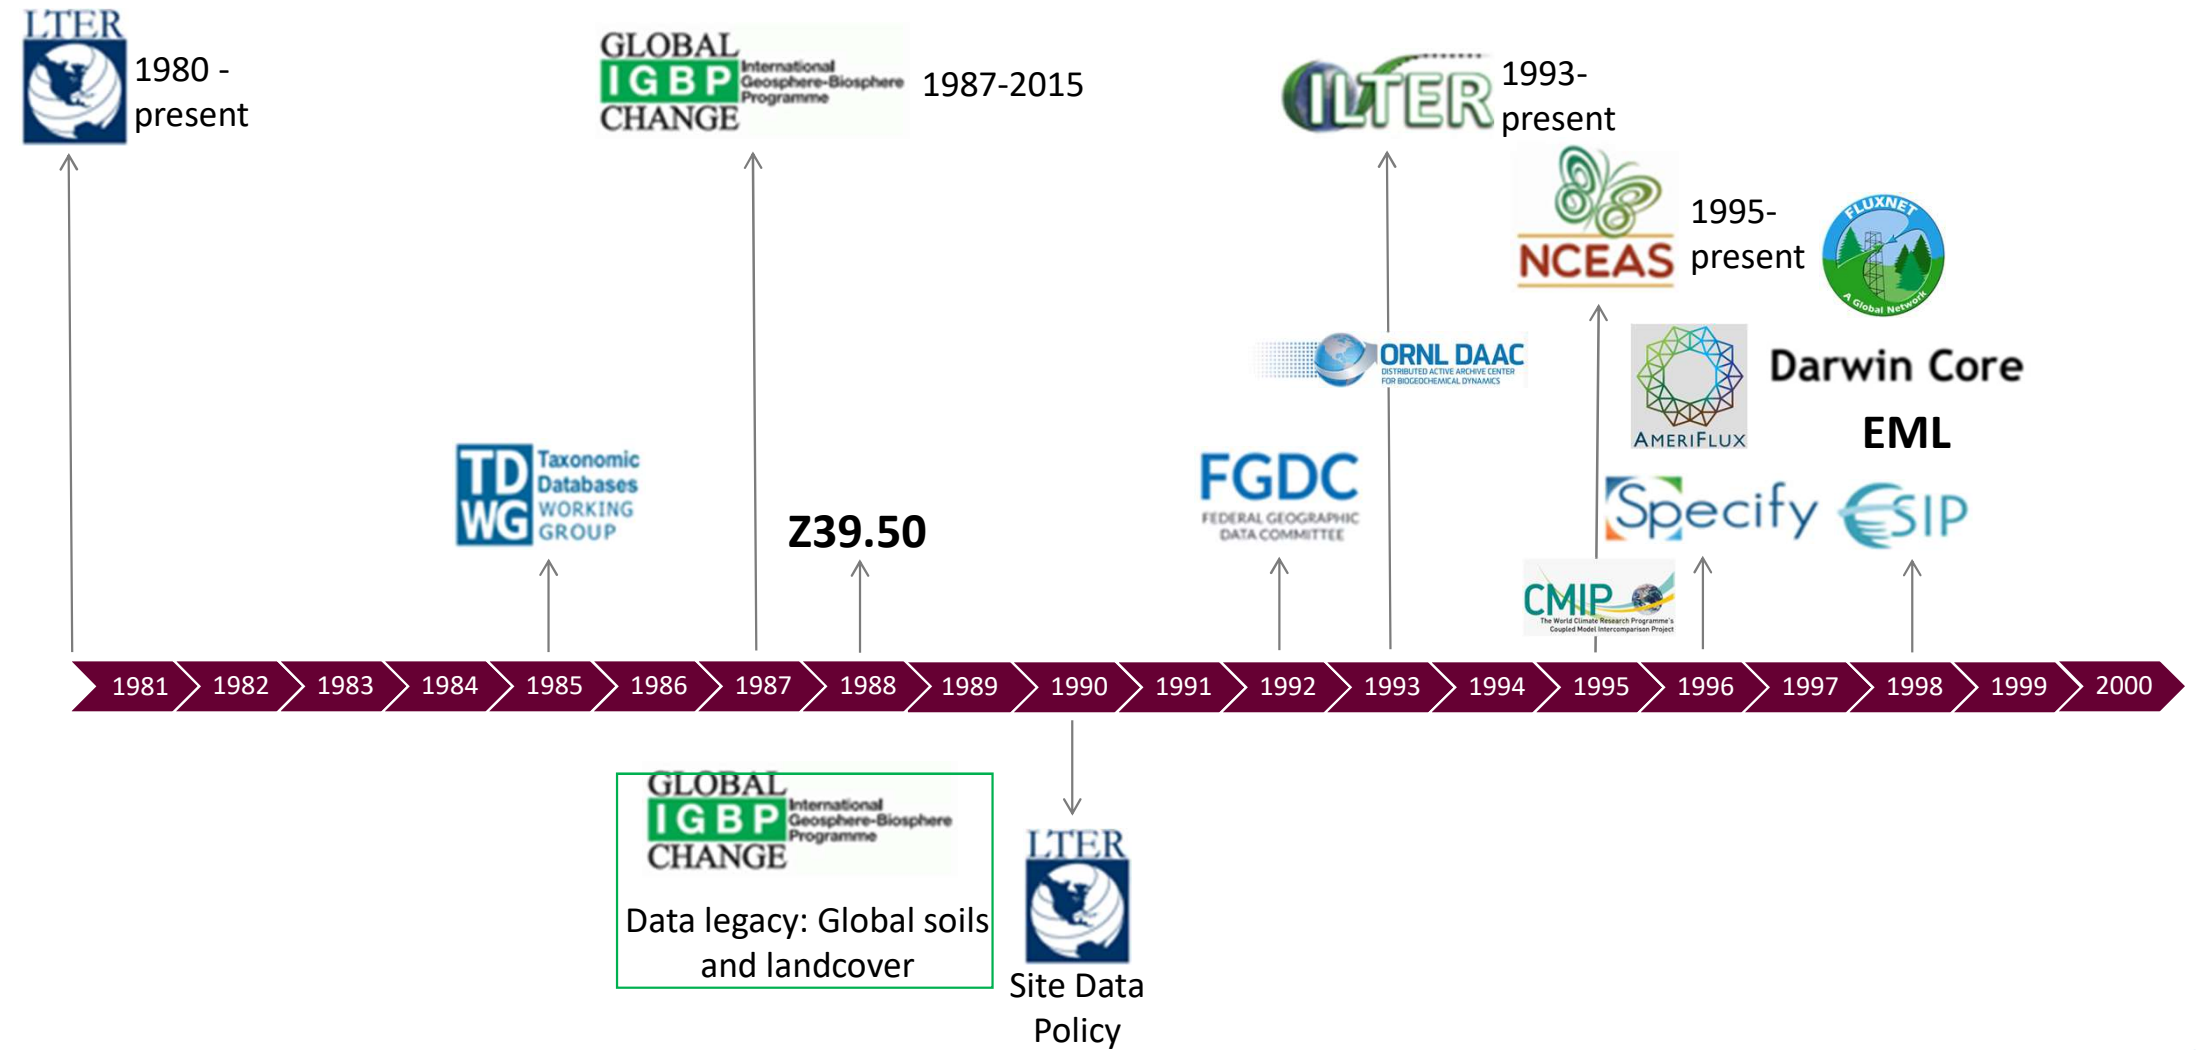

GLOBAL IGBP CHANGE
International Geosphere-Biosphere Programme

Data legacy: Global soils and landcover

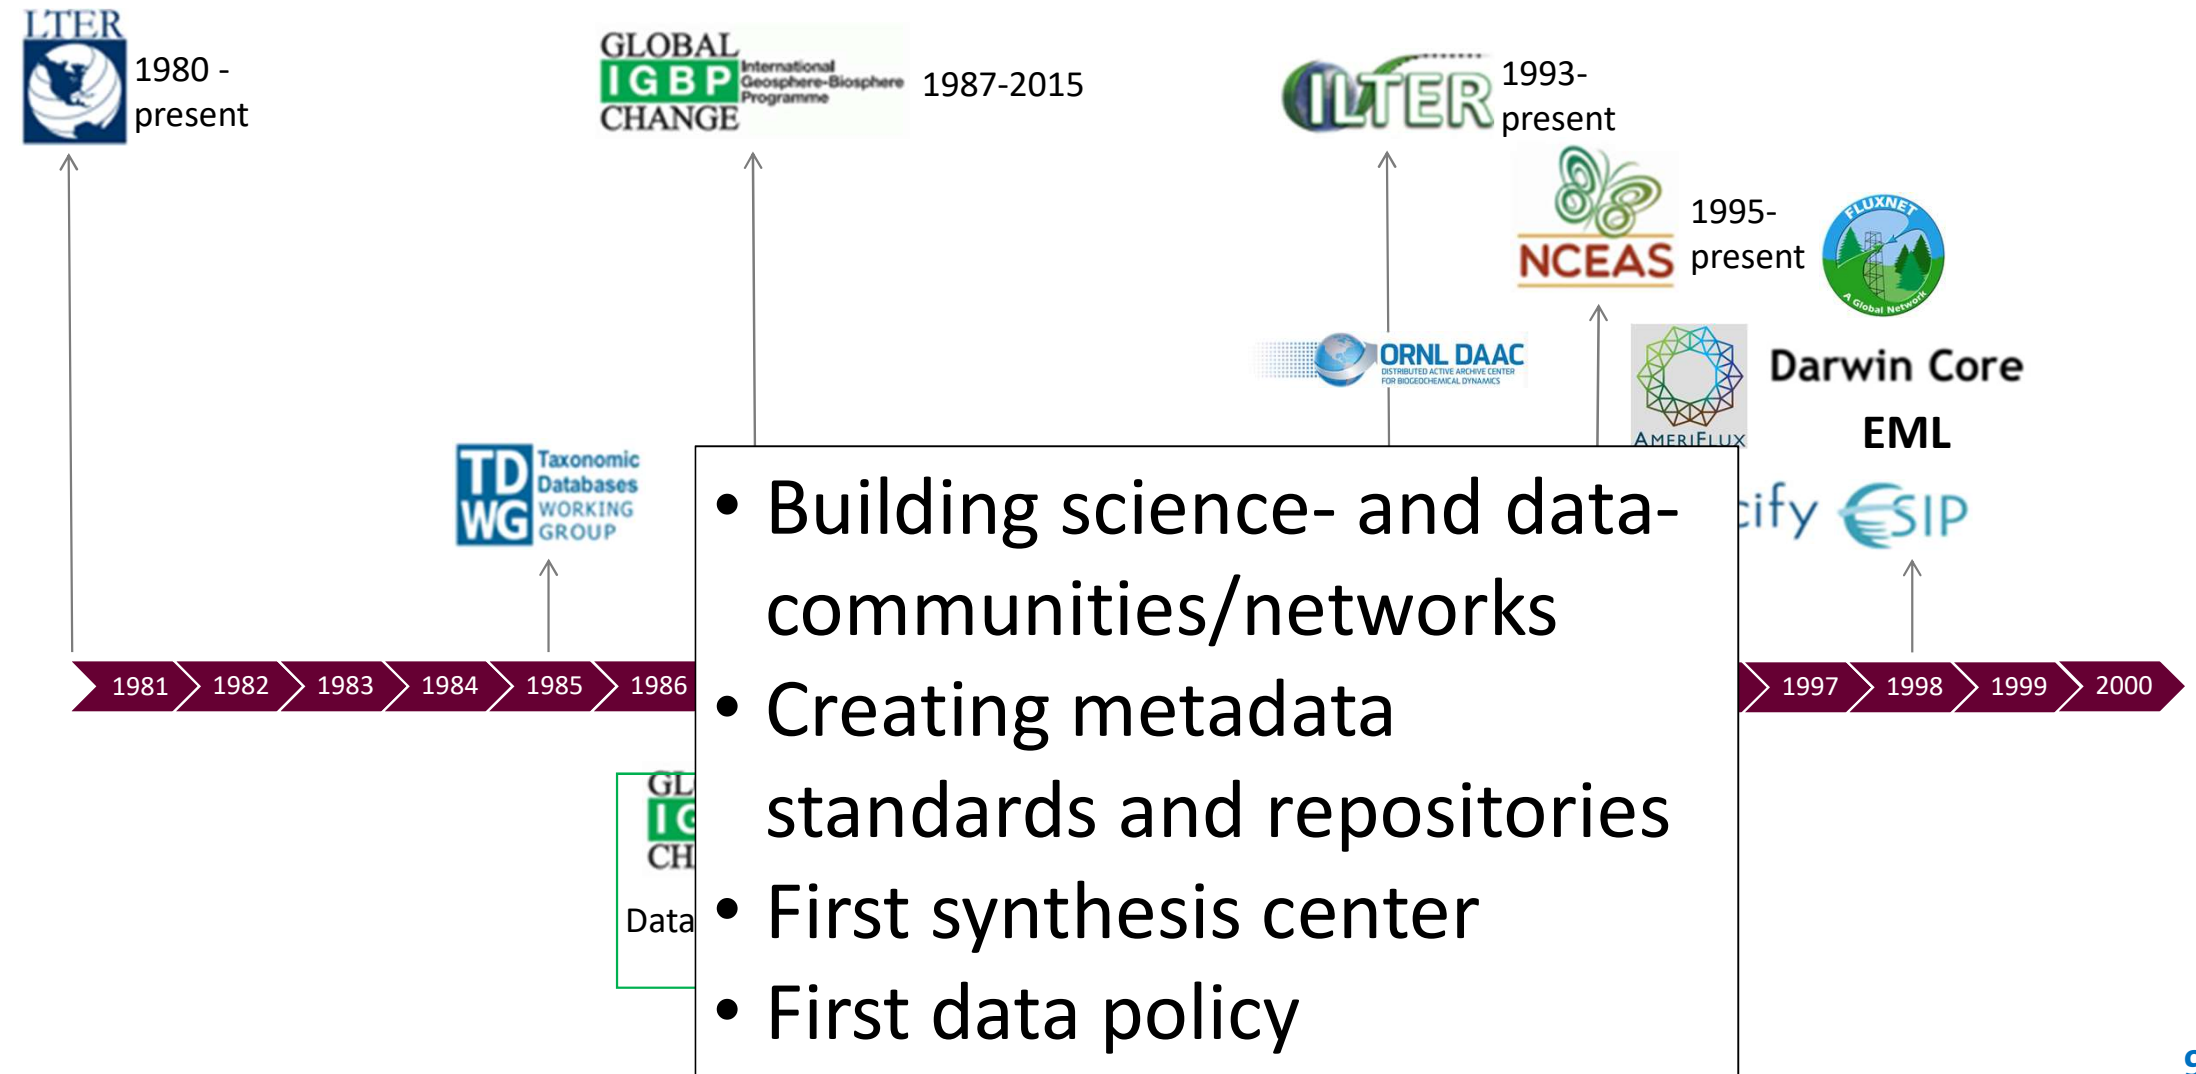

Milestones (1981-2000)

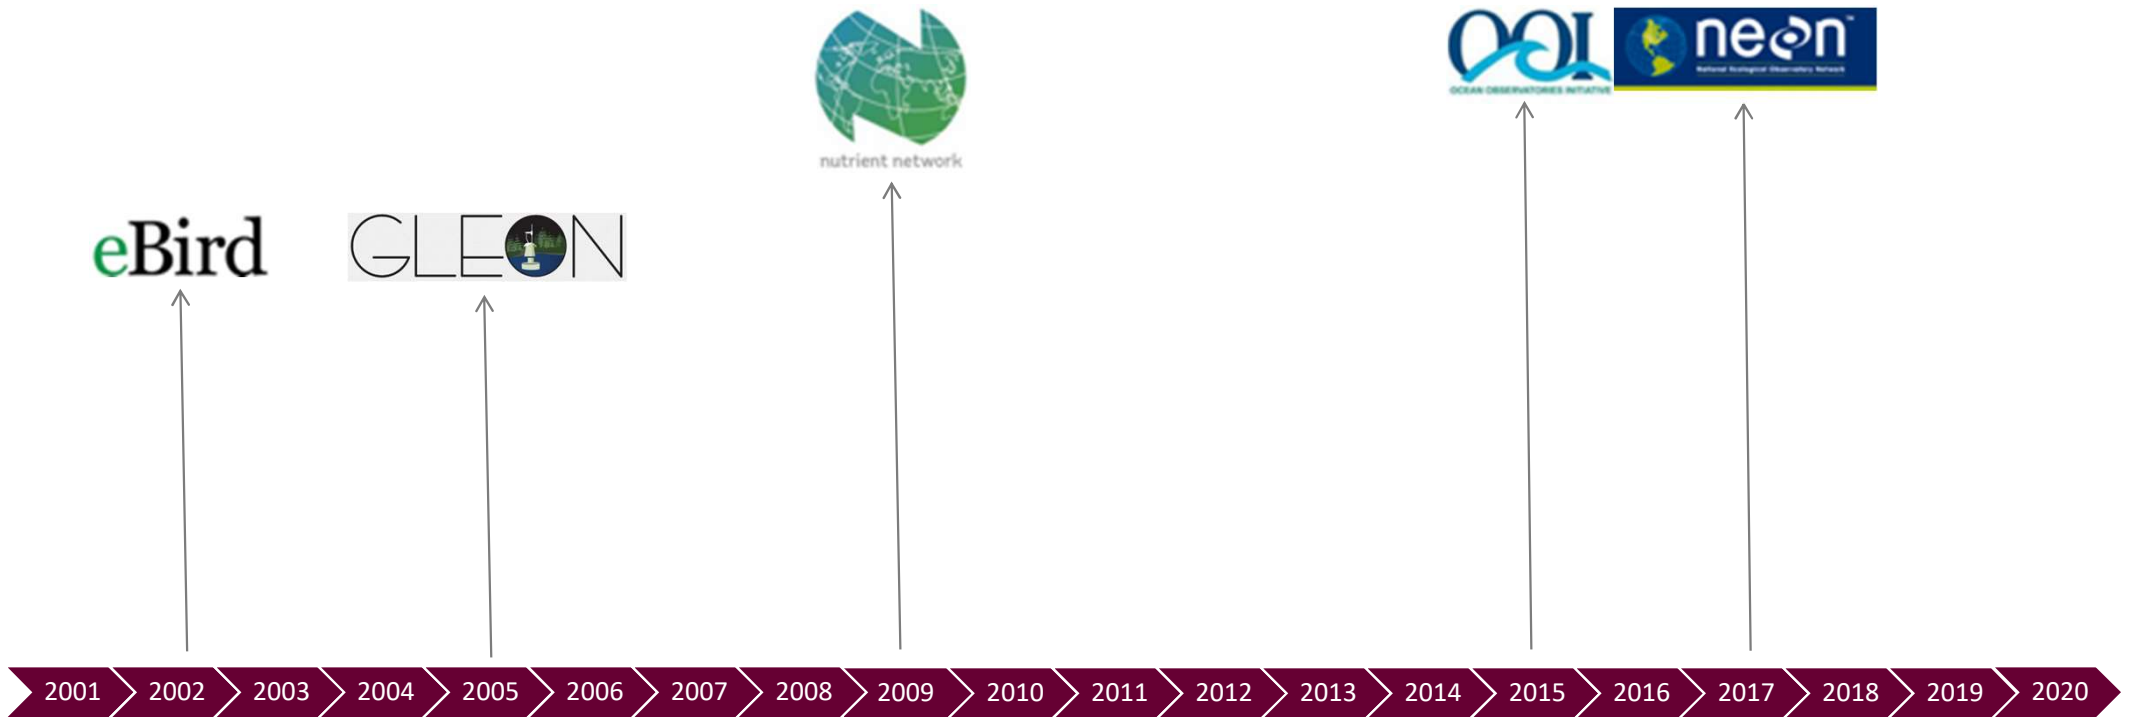

Milestones (1981-2000)

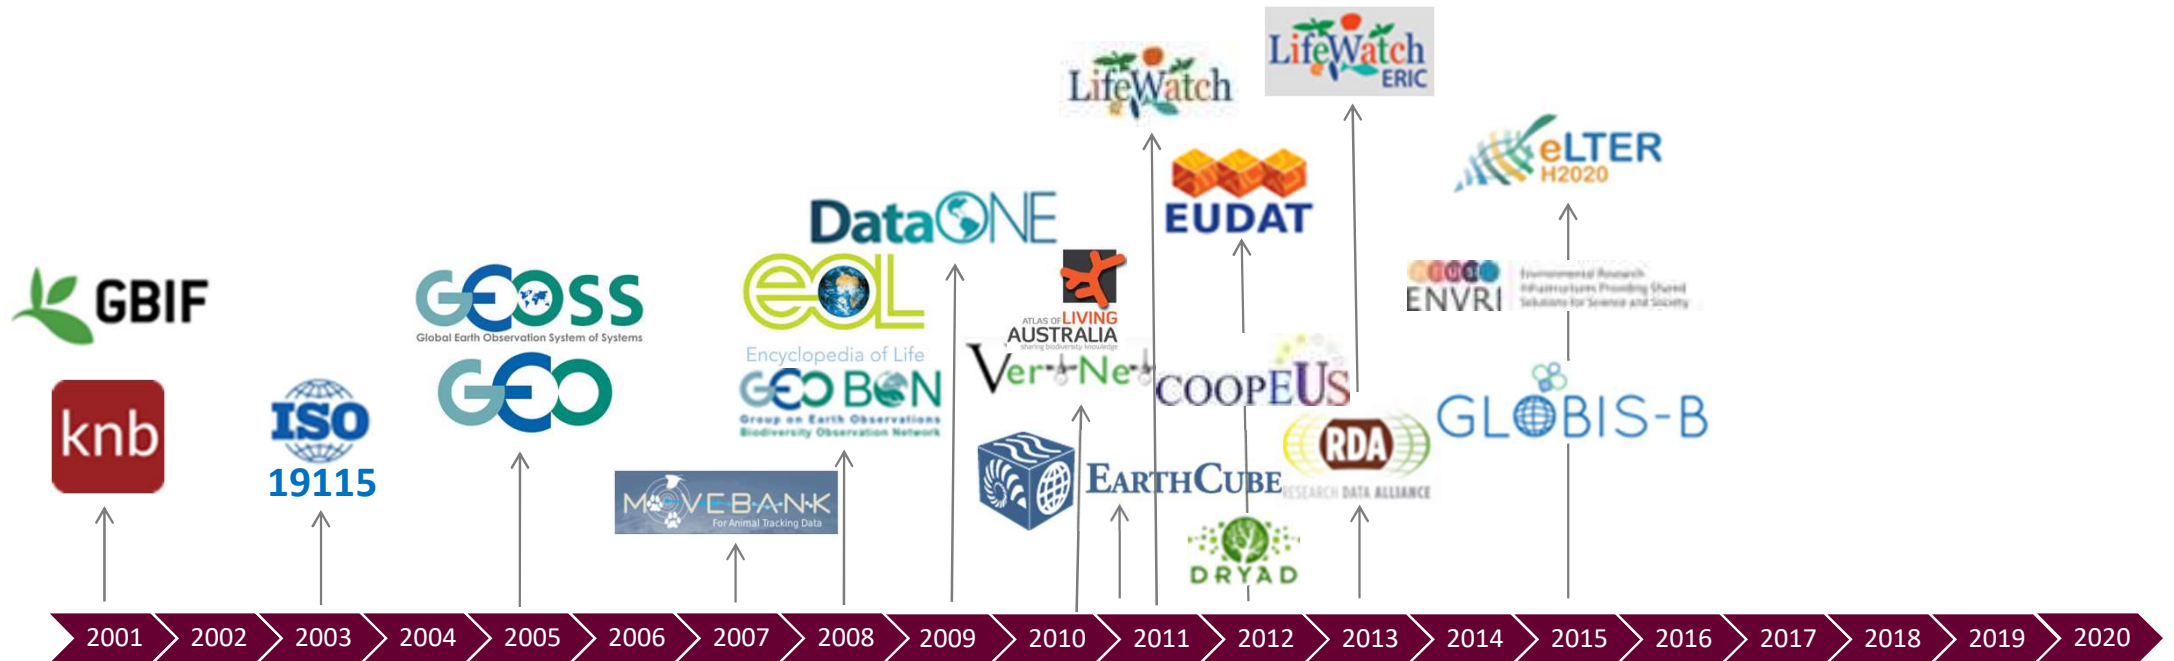

Milestones (1981-2000)

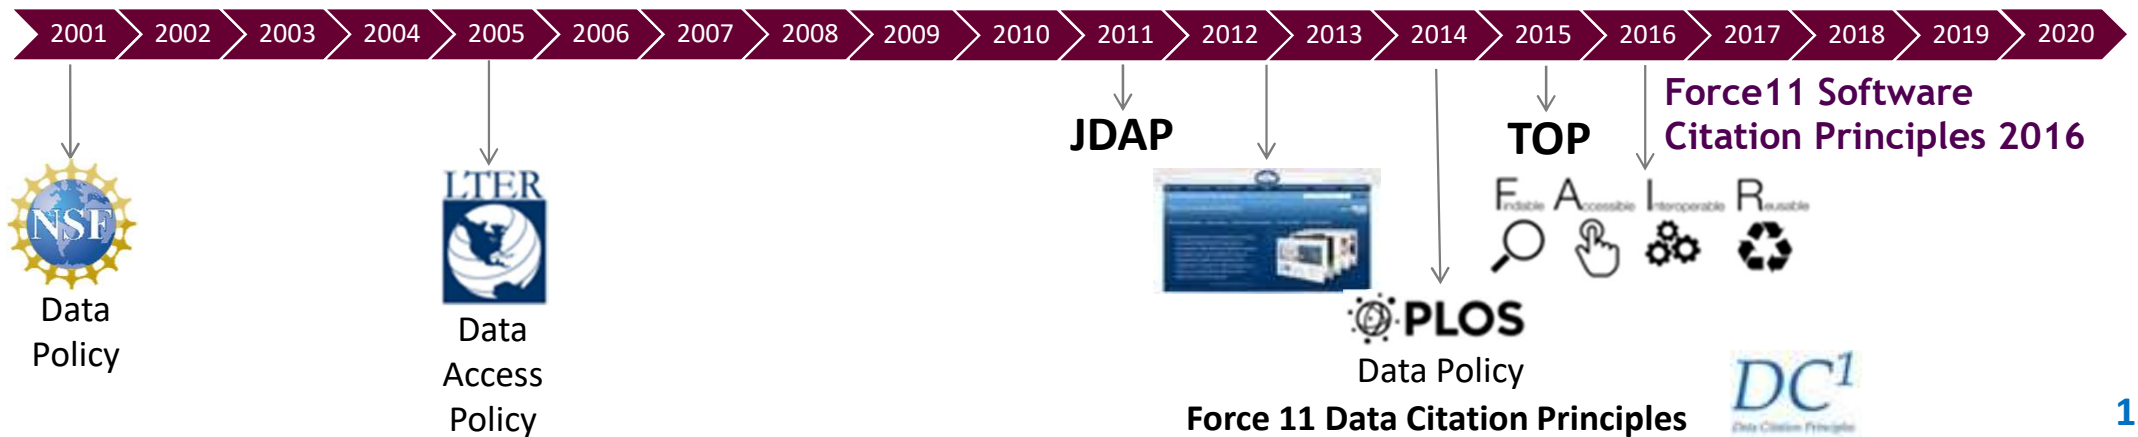

Milestones (2001-2020)

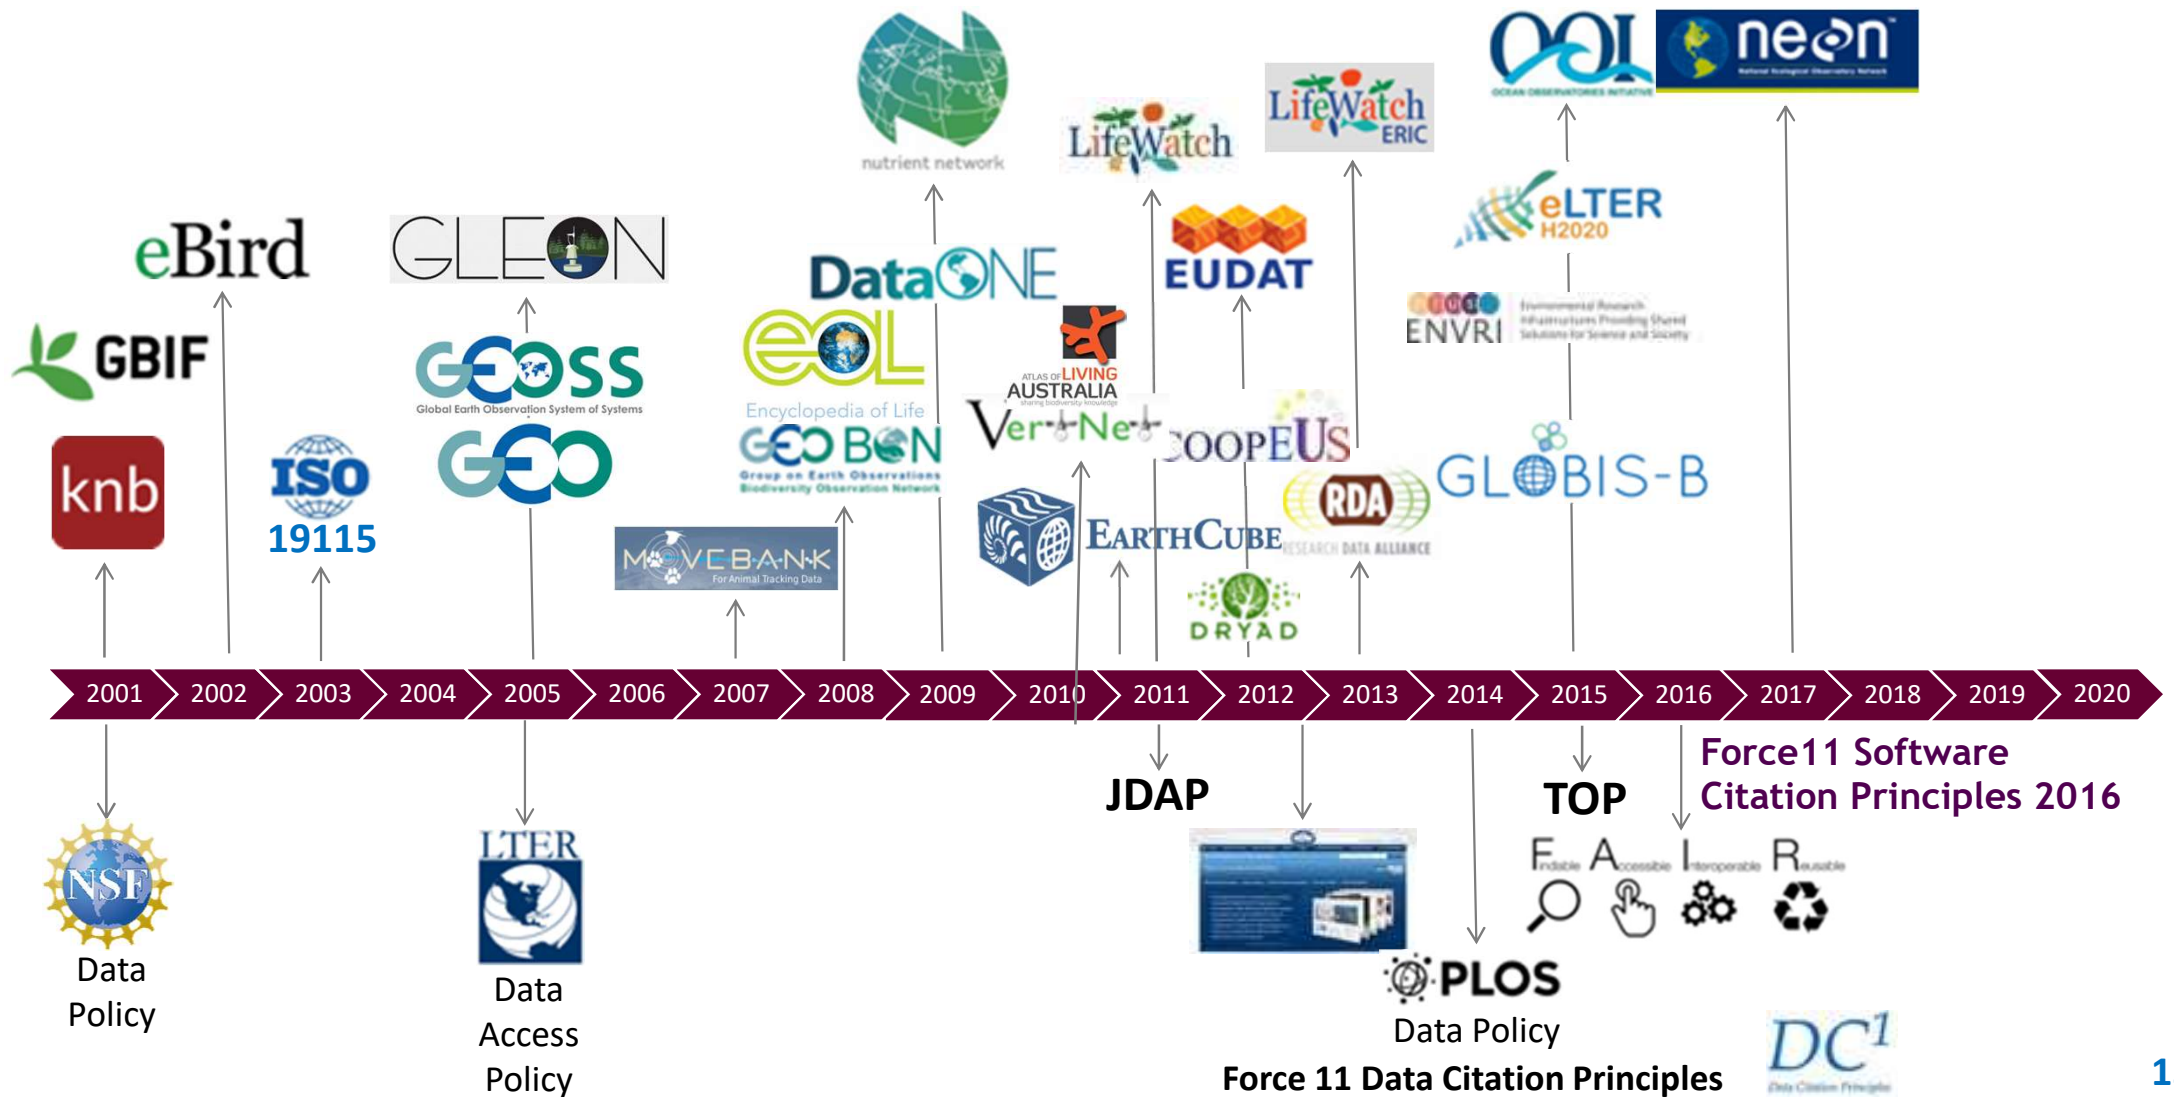

Milestones (2001-2020)

Milestones (2001-2020)

Milestones (2001-2020)

Milestones (2001-2020)
