

8th Digital Curation Centre Regional Roadshow: East Midlands

Institutional Challenges in the Data Decade

Date: 7-8 February 2012

Venue: Burleigh Court Hotel & Conference Centre, Off Ashby Road (A512), Loughborough University (West Park), LE11 3TD

Audience: Research support staff interested in data management, including university librarians, IT managers, staff from research offices, digital repositories and senior managers

Final Programme

Day 1 Tuesday 7th February

An introduction to data management and related initiatives taking place in the East Midlands

Objectives

- Summarise emerging trends and challenges and their potential impact on HEIs
- Share research data management lessons through case studies from local universities
- Understand the role of the DCC in supporting research data management

11:00	Arrival Coffee / Tea	
11:30	Welcome and Introduction	Mark Hepworth, Department of Information Science, University of Loughborough
11:40	The Changing Data Landscape	Kevin Ashley, Director, DCC
12:30	Lunch	
13:30	The Orbital project: managing engineering data at the University of Lincoln	Paul Stainthorp, Electronic Resources Librarian, University of Lincoln
14:00	The ADMIRe project: A Data Management Infrastructure for Research at the University of Nottingham	Bill Hubbard, Head of the CRC, University of Nottingham
14:30	Research Data Management at the University of Northampton: embedding existing work with DCC support	Miggie Pickton, Research Support Specialist, University of Northampton & Sarah Jones
15:00	Tea/Coffee	
15:15	Institutional & Researcher Perspectives on Managing Research Data at the University of Leicester	Jonathan Tedds, Research Liaison, University of Leicester
15:45	IT strategy, cloud computing and open data	Martin Hamilton, Head of Internet Services, University of Loughborough
16:15	Discussion	
16:40	What the DCC can do for you?	Sarah Jones, DCC
17:00	Close	

8th Digital Curation Centre Regional Roadshow: East Midlands

Final Programme

Day 2 Wednesday 8th February

Training for research support staff to identify data management needs and develop services

Objectives

- Understand the basics of RDM and find out about DCC resources, tools and services
- Exchange ideas, skills and expertise through breakout discussions
- Scope out research data management services needed at your institution

10:30	Arrival Coffee / Tea	
11:00	Welcome and introductions: overview of day	Kevin Ashley
11:15	Introduction to RDM: activities, roles and requirements <ul style="list-style-type: none"> - What is research data management? - Who is involved and how? - What skills and support are needed? 	Andrew McHugh
11:30	Exercise: CARDIO Quiz How does your data management support and infrastructure stack up?	All
12:00	Research funder requirements: data management planning <ul style="list-style-type: none"> - What do funders expect? - How to write a DMP? - What can DMP Online offer? 	Monica Duke
12:15	Exercise: How to support researchers with data management planning Read the case studies and discuss which approach may work for you	All
12:45	Lunch	
13:45	Facing the data challenge: Developing data policy & services <ul style="list-style-type: none"> - What role should universities play? - What are the components of a RDM service? - What can you learn from other HEIs? 	Sarah Jones
14:00	Exercise: Developing a roadmap for research data management Consider what your HEI needs and sketch out a timeframe with actions	All
14:30	Conclusions and next steps	Kevin Ashley
15:00	Close
